DEFENSE SUPPORT INITIATIVES COMMITTEE CHARTER

The Economic Development Council of Okaloosa County (EDC; DBA One Okaloosa EDC) is recognized by the State of Florida as the official representative and lead agency in the Okaloosa County area for base-community initiatives. The Eglin Test and Training Complex (ETTC) land range (724 sq. miles) overlays significant portions of three northwest Florida counties: Okaloosa, Santa Rosa, and Walton. The overwater portion of the ETTC range (134,000 sq. miles) extends from the panhandle counties' coast line at the North end to abutting the Florida Keys at the South end. One Okaloosa EDC originated the Defense Support Initiatives Committee (DSI) in 1996 to provide the EDC with a forum dedicated to preserving the ETTC and its installations' contributions to National Defense. DSI membership was originally Okaloosa centric. In 2003, DSI membership was expanded to Tri-County representation including Santa Rosa (NAS Whiting Field) and Walton Counties in recognition of the economic implications of the ETTC to their counties.
